

Helpful websites for extra learning

All children have a login to TTRS and Mathletics:

<https://login.mathletics.com/#/student>

<https://play.ttrockstars.com/auth/school/student/18726>

Oak Academy: A website created by teachers during lockdown with full lessons. <https://classroom.thenational.academy/subjects-by-key-stage/key-stage-2/subjects/maths>

IXL: Shows you a complete coverage of the Year 6 Maths curriculum <https://uk.ixl.com/maths/year-6>

Rollama: A website to help with SPaG with fun games for each topic of the SPaG paper.

[https://www.rollama.com/docs/Rollama SATs Paper 1 Map.pdf](https://www.rollama.com/docs/Rollama_SATs_Paper_1_Map.pdf)

Education Quizzes: Both Maths and English based quizzes which are marked as you go along.

<http://www.educationquizzes.com/ks2/maths/>

Online maths tutor: A site with links to old style Key Stage 2 Maths Papers, Maths Tutorials as well as Maths Games. <http://www.online-maths-tutor.com/>

Sheppard software: Lots of Maths games on a range of Mathematical concepts. <https://www.sheppardsoftware.com/math.htm>

ICT teachers: A site with a range of information and questions – great for revision purposes! http://www.icteachers.co.uk/children/children_sats.htm

BBC Bitesize: Fun games and lessons <https://www.bbc.co.uk/bitesize/subjects/z826n39>

Atom Learning and Spelling Shed:

Your child has their own login—make sure they are signed into the device they are using from their school google account.

Top tips to remember!

Reading

- Pace yourself. The test is an hour long and there are 3 texts. That's about 20 minutes each.

-Use scan reading to locate key words from the question in the text, then read around it for the answer.

-Make notes to summarise paragraphs if it helps you.

-You are allowed to read a few questions first, then answer them as you read the text.

-If it says give evidence from the text, you must quote or refer to the text. Not your own ideas!

-If it says 'copy one word', only copy one and spell it correctly.

-Keep your answers short and simple. Don't rewrite the question, just put the answer.

-You can write in bullet points for longer questions.

Maths

- Put your hand up and ask for the question to be read to you!

-Remember to annotate and draw on graphs, tables and charts.

-As you read the question, or look at a diagram, try to write down the key numbers and calculations.

-When comparing decimals, remember to make them all the same. Change 0.2 to 0.20 and so on. Think of money.

-Remember that $\frac{1}{3} \times 45$ or $30\% \times 45$ is the same as $\frac{1}{3}$ of 45 or 30% of 45. Don't let the x sign confuse you.

-Everything in the test has been taught from Year 3 to Year 6. Recognise what maths is being tested.

- Answers will only be marked if they are clearly written and in the answer box.

Maths Paper 1

We know what will be covered in Maths paper 1. It is all Arithmetic and is the foundation of all maths.

It is important that the children are confident in completing the following questions.

- Addition, subtracting, dividing and multiplying
- Multiplying and dividing by 10, 100, 1000
- Adding and subtracting fractions with different denominators
- Multiplying fractions
- Dividing fractions
- Finding % of numbers
- BIDMAS/BODMAS
- Long multiplication
- Long division

Remind your child, if there are any questions they don't know, move on and come back to them later.

FAQs

What equipment will my child need?

All necessary equipment for the tests is provided by the school.

What time will my child need to be in school?

Your child needs to be in school **by 8:45 a.m. at the latest** each day. The hall will be **open from 8:15am**. This allows time for children to have a small breakfast and an opportunity to catch up with friends & relieve nerves.

What if my child is ill?

Please contact the school on 020 8653 2618 if your child is ill. They could potentially take the test later in the same day if they feel better. If your child has a longer term illness, the school may be able to apply for a timetable variation. Please call the office as soon as possible.

What if my child is worried about the exams?

Good preparation helps children feel confident. The important thing is that your child has a positive attitude and does their best. Remind the children of all the good work they have done this year and how much progress they have already made. This is their chance to show what they can do! Remember, they do not affect or relate to secondary school places.

How can I help at home during SATS week?

Sleep

Starting the weekend before the SATS tests, encourage your child to get an early night. As the week progresses, they will get more and more tired.

Food and Drink

Offer your child a good 'brain food' breakfast to sustain them.

Bring a water bottle and drink plenty of water.

Relax and Share

Encourage your child to relax in the evening when they get home—screen time isn't necessarily relaxing.

Talk to them about how the tests have gone and how they are feeling.

Be positive for them. Don't allow one bad day, or a negative experience of one test, cloud the whole week.

Stay Safe

Children need to be in one piece to sit the test at the same time as their friends and peers—avoid high risk activities!
